WHAT IS VGA?

Buscarta subway terminal

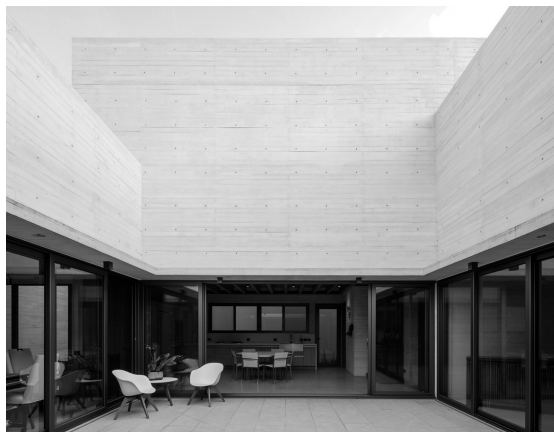

Vermilyea Group Architects, or Vega, is an architectural design group specializing in commercial design. Founded by Collin Vermilyea in 2021, VGA's mission is to work closely with its clients to deliver tailored design results. We work with you every step of the way to ensure that your project exceeds every expectation.

WHAT DO WE BUILD?

Office of Argentina Wright Design Group

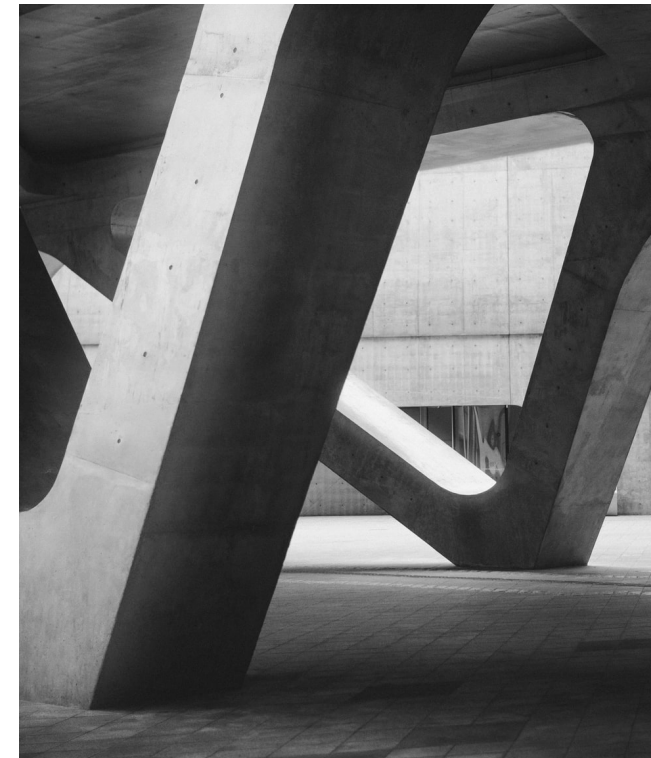

Vega builds primarily for the commercial sector of San Diego but is committed to taking on other types of projects with the same delicate touch as our commercial projects.

Tuscani Café

THE DESIGN PROCESS

When you design with Vega, you can expect careful consideration of materials, construction methods to ensure efficiency and reduced cost, and strict adherence to a curated design process that pays extra attention to client needs and expectations.
